Welcome

Welcome to Fort Drum, home of the 10th Mountain Division (Light Infantry)!

This installation is in the middle of one of the most historically unique and geographically beautiful areas of the United States—northern New York's North Country. The North Country borders Lake Ontario, the St. Lawrence River (across from the Canadian provinces of Ontario and Quebec), Vermont, and the Adirondack Mountains. The region is the most sparsely populated, but also one of the largest, in New York State.

The tri-county area of Jefferson, Lewis and St. Lawrence surrounds the installation. The counties are rich with history, tradition, culture, and tourism opportunities.

Laws and Regulations for NY & Fort Drum

New York State and Fort Drum have some laws and regulations that may differ from other places military service members, civilians and their families have served. Following is some helpful information. Contact local law enforcement agencies for further details.

Bicycle Helmets

New York State law requires all children under the age of 14 wear a helmet when riding a bicycle. All personnel riding a bicycle on Fort Drum must wear a bike helmet.

Motorcycles, Mopeds

There is a mandatory motorcycle safety training requirement prior to riding or registering a motorcycle on post. Service members must

attend the Army Motorcycle Safety Course (AMSC) before operating a motorcycle or moped on or off post, on or off duty, regardless of whether the motorcycle/moped is registered.

DoD civilians must complete the AMSC prior to riding or registering a motorcycle or moped on a government installation. This is mandatory.

Riders must wear the following equipment: Department of Transportation-approved helmet properly fastened under the chin; eye protection (glasses, goggles or face shield); over-the-ankle shoes or boots; and a high visibility reflective garment or device (the yellow safety belt used for PT is acceptable).

Each motorcycle must be registered and insured. Each driver must have a learner's permit or motorcycle license. All motorcycles must be able to pass a NYS inspection. Permit holders must be escorted by a licensed driver or arrive with bikes in tow. This is a New York State requirement.

Contact the Command Safety Office for more information, 772-5352.

Off-Road, Recreational Vehicles

Fort Drum Regulation 420-3, Hunting, Fishing, Trapping and Camping outlines the use of snowmobiles on Fort Drum. Trappers are allowed to use snowmobiles in training areas during the trapping season. However, trappers must follow check-in/check-out procedures and possess both a valid NYS trapping license and a valid Fort Drum Recreation Permit and Access Pass.

Snowmobiles are authorized for recreational riding in training areas 7E, 7F and 7G south of NYS Route 3-A. Riders must wear snowmobile helmets and stay on designated, marked trails. They will also follow all check-in/check-out procedures and possess a valid Fort Drum Recreation Permit and Access Pass.

All snowmobiles must have valid liability insurance and NYS registration. Snowmobile use in the cantonment area is prohibited.

Fort Drum Recreation Permits and Access Passes are available year-round at the Natural Resources Permit Office, Bldg. S-2509, on Route 26 between Great Bend and Wheeler-Sack Army Airfield. Call 772-HUNT (4868) or visit the Fort Drum Fish & Wildlife Management Program website for current permit office hours of operation.

For more information, call Fish & Wildlife Management Program, (315) 772-9636/4999.

Parking

Parking is prohibited where it impedes the flow of traffic, especially within 20 feet of any entrance of a fire station, crosswalk or intersection. Parking is prohibited on the side of the road facing oncoming traffic.

As a general rule there is no parking on grassy or seeded areas, unless specifically authorized by Public Works or Garrison Commander. That may occur November through April, if overflow parking areas are not provided or are full. If vehicles are parked on seeded areas and there is damage, vehicle owners are responsible for reseeding or repairing the area.

There is no parking in fire lanes, within 15 feet of any building or fire hydrant, on sidewalks and railroad tracks or on roadways in any housing complex from November 1 through April 1, to allow for snow removal.

Privately Owned Weapons

In New York it is a criminal offense, punishable by a year in jail and a \$1,000 fine, to possess a privately owned handgun in your residence, vehicle or on your person unless you have been issued a New York State pistol permit. The only exception is for unloaded antique and replica muzzle loading pistols and cap-and-ball revolvers.

Handguns may be brought to Fort Drum from an overseas assignment

Fishing is a popular pastime.

if they are shipped with household goods or hold baggage shipment as authorized by AR 55-71, Chapter 13. However, upon arrival to Fort Drum, handgun owners must contact the Military Police at 772-5156 or 772-5157, and let them know handguns are coming. When the shipment arrives, notify the Jefferson County Sheriff's Department at 786-2711. Provide them weapon information (i.e. type, caliber, and serial number) and follow their instructions. Until they are properly registered, handguns must be stored in unit arms rooms.

While there is no requirement to register rifles and shotguns in New York, there is a requirement to register them, and other dangerous weapons (i.e. pellet and BB guns and any other weapon that fires a projectile to include bows) on Fort Drum, and if you live in off-post Army housing.

Skating

When it comes to in-line skates, roller skates and skateboards, rules and regulations differ.

The New York Vehicle and Traffic Laws do not have legislation regulating their use and

therefore use pedestrian guidelines. For example, the skater skates facing traffic and does not interfere with the flow of traffic. Jefferson County Sheriff's department enforcement is the same. Watertown City Police enforce a

city code that restricts use of skates on sidewalks.

On post, Military Police enforce Fort Drum Regulation 190-2, which restricts use of roller skates and skateboards to unoccupied sidewalks, pathways, outdoor tennis and basketball courts, parking lots and Main Street from Lewis Avenue to NYS Route 283, which is closed to motor vehicle traffic.

In-line skates are authorized on roadways with the use of proper safety equipment (protective helmet, knee pads and wrist pads, and a high-visibility garment with reflective material front and back).

All forms of skating are considered recreational sports or fitness enhancers, and not a means of transportation. Local traffic and safety requirements are the best guide.

Tips for Driving in Canada

It is easy to visit Canada from Fort Drum, but it is a foreign country and you must have proof of United States citizenship when crossing back and forth. Foreign-born individuals need to carry a copy of their naturalization certificate if

Oswegatchie River.

they have become a U.S. citizen. If not, a passport and current United States Visa is required.

***NOTE:** If you are a Soldier assigned to Fort Drum you will need a signed DA Form 31 prior to going to Canada (ref: AFZS-CG, Policy Memo #48, Pass Policy, 25 Mar 03).

Additionally, you will need to attend a Canadian Country Briefing prior to travel. The Installation Security Office provides country briefings monthly on the 3rd Thursday of each month. Civilian employees and family members are encouraged to attend this briefing.

Travelers are required to have a "Non-Resident, Inter-Province Vehicle Liability I.D. Card" when driving in Canada. These can be obtained through your insurance company. Anyone stopped by Canadian law enforcement must present a valid driver's license, vehicle registration, and proof of current liability insurance.

Remove any radar detectors from vehicles before crossing the border. They are illegal in Canada and, if found during a check of a vehicle, will be confiscated, destroyed, and

drivers will be subject to a stiff fine. A DoD directive also makes radar detectors illegal on post.

Speed limits and distances in Canada are posted in kilometers (1 km = 6/10 of a mile).

Traffic Regulations

Car safety seats for children

New York State law requires all children under the age of four to ride in safety seats. The law requires that all children age four, five or six ride in child restraint systems. Safety seats and child restraint systems must be certified according to Federal Motor Vehicles Safety Standard 213.

Cell phone usage

New York State does not allow you to use a hand-held mobile telephone while you drive. If you use a hand-held mobile telephone while you drive, except to call 911 or to contact medical, fire or police personnel about an emergency, you can receive a traffic ticket and pay a maximum fine of \$100 and mandatory surcharges of \$50.

License & registration

New York State law requires that all individuals operating a motor vehicle in the state be properly licensed to drive a motor vehicle. However, if an individual has an expired driver's license, certain states do have military extensions for state residents. Check with the Military Police at 772-5156 if you have questions.

New York State requires vehicle insurance for all motor vehicles.

Members of the military are not required to register cars in New York State, as long as they hold a valid registration from another state. New York State does not acknowledge USAREUR drivers' licenses as valid for motor vehicle operation. Also, drivers have 45 days to obtain New York registration if a car has Status of Forces Agreement (SOFA) license plates from overseas.

It is Fort Drum policy that all vehicles of assigned and attached personnel must maintain a valid state inspection certificate, which may be from the state where the vehicle is registered, or New York State. If the state in which a car is

registered does not have an inspection program, 15 days are allowed to get a New York State inspection sticker. These can be obtained at the Auto Craft Center or any other licensed inspection station.

Seat belts

All front-seat passengers must use seat belts. All rear-seat passengers under the age of 16 must be restrained by a safety belt.

Speed limit

The installation speed limit is 25 mph, unless otherwise posted. All vehicles must slow to 10 mph when passing troops in formation.

Windshield wipers

When windshield wipers are used due to inclement weather, headlights must be on.

Vehicle Registration

Fort Drum requires all vehicles belonging to personnel who work, reside, are employed by Fort Drum, or frequently use post facilities to be registered and display the DoD sticker centered on the middle of the windshield.

Parade in Carthage.

Anyone who arrives with a sticker is only required to re-register with Fort Drum and keep that sticker.

Registration can be completed at the North Gate entrance of post, off NYS Route 11. Bring all proper paperwork.

Housing

The staff at Fort Drum is committed to making your stay as pleasant as possible by helping you obtain housing and providing a full range of property management and maintenance services for your home. There are generally three options for homes in the Fort Drum region:

1. On Post - Fort Drum Mountain Community Homes (FDMCH)
2. Off Post - Army Leased Homes
3. Homes/Apartments on the Market

There are 2,272 homes on post in four communities: Adirondack Creek, Monument Ridge, Rhicard Hills and Crescent Woods. The Welcome Home Center staff in Clark Hall will walk you through your options and help you find a home that suits your needs.

Army Community Housing (ACH) provides 2,000 homes in 13 neighboring communities, ranging from Lowville at the foothills of the spectacular Adirondack Mountains, to Clayton on the St. Lawrence River.

A Resident Service Coordinator (RSC) will provide one-on-one counseling on the various housing options available at Fort Drum. The RSC can provide floor plans that detail room sizes and the layout of the home.

After this initial counseling, you will either be offered a home, if one is available, or added to the Fort Drum Housing Waiting List. A cornerstone of FDMCH (on-post housing) is decentralized property management services. When you are offered a home on post, you will go to the Community Management Office located in the neighborhood, meet the Community Manager and be given a tour of the prospective home. When

All quarters meet or exceed the minimum net floor space required by regulation.

you are offered an ACH (off-post) home, you will be directed to the ACH Office for further assistance.

After touring the home, you will have the option of accepting it or rejecting it. If you reject it, you will maintain your spot on the Waiting List until another home meeting your needs becomes available. If after touring the second home you decline it, you will lose your spot and go to the bottom of the Waiting List. You will have up to 24 hours to accept or reject the homes.

Each home is furnished with a refrigerator, range, garbage disposal, dishwasher, and electric hook-up for a washer and dryer. By summer 2006, each home on post will additionally be furnished with air conditioners. Air conditioners are not supplied in off-post homes, but can be approved on a case-by-case basis. Every home has a garage, attached or separate, from the housing unit providing storage for a vehicle and other outdoor items. Over the next couple of years FDMCH will install garage door openers for all on-post residents.

Residents are allowed to have a maximum of two domestic pets (i.e. dogs/cats). Exotic animals such as ferrets, snakes, and tarantulas are not authorized at any time in FDMCH or ACH homes.

Rendering of a planned Community Center.

Occupants are responsible for any damage their pets cause in or around their home. Since many homes have carpeting, this may influence your decision on bringing your pet to Fort Drum.

Lawn Care & Snow Removal

While a fair amount of snow is normal, all major roads into Fort Drum are well maintained. Northern New York road crews, along with Public Works crews, are veterans at snow plowing and removal and their equipment is modern. Winter driving does require different skills, but it is not difficult to get around.

Occupants are responsible for removing snow from their driveways and walkways. FDMCH has snow blowers available for residents on post; Directorate of Logistics provides snow blowers to off post residents. FDMCH will plow the streets, bus stops and overflow parking areas on post. FDMCH maintains all grass areas around the home except for the area in your personal fences.

Off-post residents are responsible for mowing the lawn up to 50 feet around their home. Lawn mowers can be rented through Outdoor Recreation Services, at 772-5169.

Management & Maintenance of FDMCH Home

Each community will have a community manager, an assistant community manager, RSCs and maintenance staff. Your community manager will be responsible for the upkeep of the property including the homes and common areas. They will be responsible for enforcing standards and policies to enhance the quality of life in these communities.

FDMCH plans to build five Community Centers in the coming years. While under construction, temporary community management offices will be established in each neighborhood. These centers will house the property management and maintenance staff while serving as locations for community events and programs. When the new centers are complete, there will be exercise equipment, indoor playgrounds, comfortable space and meeting rooms for family, social, and family readiness group events.

Obtaining Housing

Welcome Home Center for Move Ins
(315) 955-6644

Apply for Housing

To apply for housing, be placed on the Fort Drum waiting list, or receive more information about housing available at Fort Drum, visit the FDMCH Welcome Center in Clark Hall on the second floor. The Welcome Home Center is a warm, hospitable place where customer concerns are heard. An employee will ensure Soldiers have all necessary documents and will assist Soldiers in completing applications, selecting a home and understanding the move-in process here at Fort Drum.

In order to apply for family housing, Soldiers need copies of orders, leave form and all amendments, TDY orders, a copy of marriage certificate, birth certificates of children, or a copy of a divorce decree showing custody of children. In certain circumstances the following documents may be required: a special power of attorney, pregnancy verification and Enlistment Contract.

If the Soldier is applying as a single expectant mother, she will need pregnancy verification from a medical authority. Once the pregnancy is verified she can be added to the waiting list in hold status. After month seven, the female Soldier becomes eligible for a home on post. After the birth of the baby, she is eligible for a home off post in Army Community Housing. Soldiers or spouses expecting should additionally present pregnancy verification to determine the appropriate bedroom size for the family.

If a family member is enrolled in the Exceptional Family Member

Program (EFMP), a written request for specific housing needs or modifications must be submitted.

If a spouse wishes to sign for a home while the sponsor is deployed or TDY, the spouse is required to have a Special Power of Attorney (SPOA).

Key & Essential Personnel List

Every Soldier, in some way, is key and essential to the Army mission. They all play an important role in readiness. However, the official "Key and Essential Personnel List" means something different.

Key and Essential Personnel are defined as:

- Military and civilian employees designated to key and essential positions as established by the installation commander. The duties of key and essential positions require the incumbent's immediate availability on the installation due to military necessity. Therefore, they must reside in government housing.
- The designation of key and essential positions will be kept to an absolute minimum to ensure housing equity for all service members.

Housing Selection

Each Soldier must select "Area of Preference" when applying for a home. This allows Soldiers to choose where they want to live. Soldiers may select or make changes concerning the area where they wish to live any time prior to an offer of a home.

It is strongly recommended that newly arrived Soldiers and their families get to know the areas surrounding all ACH (off-post) sites as well as FDMCH (on-post) sites. Each area has its own unique advantages, appeals and opportunities. Parents may find they are more comfortable with their children in a certain school district, or that they need to be close to a hospital.

LeRay Mansion, located on post, is used for general officer and VIP guest billeting, and special functions.

Many Soldiers come to Fort Drum with the idea that the only homes they want are those on post. By only considering on-post housing, a Soldier risks waiting longer for an offer of housing. For personnel on the key and essential list, the commander mandates on-post housing, defined as those homes located on Fort Drum. Watertown operates regularly scheduled bus routes within the city. To help Soldiers living in ACH areas with traveling to and from Fort Drum, the Directorate of Logistics provides a shuttle bus to each off-post housing site every morning and evening.

Eligibility Date Criteria

FDMCH has a four-tiered priority list for housing Soldiers and their families.

PRIORITY 1: Key and Essential.

PRIORITY 2: Qualifying Soldiers meeting one of the following criteria:

- Any new arrival to Fort Drum
- Soldiers who have re-enlisted for current station stabilization
- Families already stationed at Fort Drum residing on the economy
- Single expectant mothers
- Newly married Soldiers

PRIORITY 3: Qualifying Soldiers meeting one of the following criteria:

- Any Soldier promotable in the following categories, junior NCO to senior NCO, senior NCO to

command sergeant major/SGM, company grade officer to field grade officer, field grade officer to senior grade officer, can apply for priority 3 on the waitlist.

- In homes with two or more children of the same gender, Soldiers can apply for priority 3 when one child becomes 10 years old, providing an additional bedroom is needed. For families with two or more children of opposite genders, they can apply when one turns 6 years old.
- Soldiers with the addition of a family member. Proof of pregnancy or confirmation of adoption/custody is required.

PRIORITY 4: Army Community Housing Residents or Army Domestic Lease Residents requesting move-over to FDMCH with no other qualifying event.

U.S. Army Medical Department Activity

The mission of the U.S. Army Medical Department Activity is to provide customer-focused, quality health care to all eligible beneficiaries and to promote and manage all aspects of health care and medical readiness to the Fort Drum community.

The MEDDAC is comprised of many different sections located in various buildings throughout Fort Drum and supports approximately 34,000 beneficiaries. Primary medical care for active-duty Soldiers is provided at the Conner Troop Medical Clinic and Aviation Troop Medical Clinic. Primary and specialty care for active-duty, family members and retirees is provided at Guthrie Ambulatory Health Care Clinic, Bldg. P-11050, on Mt. Belvedere Boulevard.

To be eligible for care at all MEDDAC facilities, beneficiaries must be enrolled in the Defense Enrollment Eligibility Reporting System (DEERS) and present a valid military ID card when signing into the clinic.

Guthrie Ambulatory Health Care Clinic offers a wide variety of outpatient services to include an Urgent Care Clinic, ambulance services, Family Practice Clinic, Specialty Clinic (which includes Podiatry, Orthopedics, Immunizations, Audiology, Obstetrics/Gynecology, Pediatrics and Physical Therapy), Pharmacy, and a Health Care Finder service. The Composite Health Care System is an advanced health care information system in place to support the activities at the clinic.

Health care delivery at Fort Drum is unique. Although the MEDDAC supports a light infantry division, it has no inpatient capabilities. Therefore, local civilian facilities, especially Samaritan Medical Center in

There are several local hospitals off post as well as Guthrie Clinic on post. This is the entrance to the emergency room at Carthage Area Hospital.

Watertown and Carthage Area Hospital, provide most of MEDDAC's inpatient needs. The majority of MEDDAC physicians is privileged at these facilities and continues to provide care during patient hospitalization.

Health Care Options

Health care options under TRICARE, the Department of Defense health care program, include:

TRICARE Prime

Active-duty military members are required to enroll into Prime and have the highest priority for care. All Prime enrollees take priority over those patients not enrolled in the program, who are seen on a space-available basis only.

TRICARE customer-service representatives and MEDDAC personnel located at the Patient Service Center in Guthrie Ambulatory Health Care Clinic can assist with all TRICARE issues.

The Patient Service Center is located in Building P-11050 and open Mon-Fri, 7:30 a.m.-4 p.m.

Guthrie Clinic in the fall.

Getting shots is part of the Soldiers' Readiness Check (SRC) Process.

TRICARE Standard

This option pays a share of the cost of covered health care services that a patient obtains from an authorized civilian health care provider. There is no enrollment in TRICARE Standard. People pay the normal TRICARE Standard deductibles for outpatient care and the cost-sharing percentages.

TRICARE Extra

With this option, patients don't have to enroll or pay an annual fee. They do have to satisfy an annual deductible for outpatient care, just as under TRICARE Standard. On a visit-by-visit basis, patients seek care from a provider who is part of the TRICARE Extra network, get a discount on services, and have

Active-duty personnel can update the status of family members by presenting such legal documents as marriage certificates, birth certificates or adoption papers at the local DEERS office located in Bldg. T-145 (ID Card Section). If this is not done, family members may be denied health benefits, other than emergency care.

Enroll newborns in DEERS as soon as possible after birth. For more information, call 772-3103 or 772-5149.

There is a small fee for microchip and registration. For more information, call the Fort Drum Veterinary Clinic at 772-4262.

Pet Quarantines

If a dog or cat is involved in a bite case, the animal must be taken to Veterinary Services.

Cats and dogs are available for adoption at the veterinary clinic on post.

The following information may help Soldiers and families get their bearings and some idea of things to do, places to go in the area. This list is not all inclusive; it's just meant to be a starting point.

Adirondack Mountains

Ebenezer Emmons named the Adirondacks, a Williams College professor, in his mistaken belief that it was the name of "a well-known tribe of American Indians" who once hunted there. Actually, the word is an Iroquois term meaning "bark eaters."

The Adirondacks encompass 11,000 square miles, almost one-fourth of the state. There are 2,500 mountains in the range, 43 of them over 4,000 feet tall. The two tallest are Mount Marcy and Algonquin Peak.

The region has about 2,800 lakes and ponds and about 1,200 miles of streams. The first forest preserve in the United States, the Adirondack Park, consists of almost 6 million acres.

About New York

New York was admitted as one of the original 13 Colonies in 1788. First explored by Samuel de Champlain and Henry Hudson, the region was claimed by the Dutch in 1624 but fell to the English in 1664-1667. The building of the Erie Canal and railroad lines in the 1820s and 1830s led to development of the western part of the state and great economic prosperity, establishing New York City as the financial center of the nation.

The river separates the United States from Canada. Control of the St. Lawrence was important during the War of 1812.

State parks within the region offer a wide variety of recreation, from long sandy beaches on Lake Ontario to the deep shale formations of Whetstone Gulf. History

The land area on which the Fort Drum military reservation is currently located has been used as a military training site since 1907.

In 1908, Brigadier General Frederick Dent Grant, son of General Ulysses S. Grant was sent here with 2,000 regulars and 8,000 militia. He found Pine Plains to be an ideal place to train troops. The following year, money was allocated to purchase the land, and summer training continued here through the years.

The camp's first introduction to the national spotlight came in 1935 when the largest peacetime maneuvers were held on Pine Plains and surrounding farmlands. Thirty-six thousand, five hundred Soldiers came from throughout the Northeast to take part in the exercise.

Some Soldiers traveled by trains that arrived in town every 15 minutes, coming from as far away as Buffalo and New York City. For 36 hours, young men from offices, factories and farms marched, attacked and defended in tactical exercises on the 100 miles the Army had leased for its war games. The maneuvers were judged to be most successful and the War Department purchased another 9,000 acres of land.

With the outbreak of World War II, the area known as Pine Camp was selected for a major expansion, and an additional 75,000 acres of land was purchased. Eight hundred buildings were constructed: 240 barracks, 84 mess halls, 86 storehouses, 58 warehouses, 27 officers' quarters, 22 headquarters buildings, and 99 recreational buildings as well as guardhouses and a hospital.

Construction workers paid the price, as the winter of 1941-42 was one of the coldest in North Country history. The

three divisions to train at Pine Camp were General George S. Patton's 4th Armored Division (General Creighton Abrams was a battalion commander here at the time), the 45th Infantry Division and the 5th Armored Division. The post also served as a prisoner of war camp.

Pine Camp became Camp Drum in 1951, named after Lt. Gen. Hugh A. Drum, who commanded the First Army during World War II. During and after the Korean Conflict, a number of units were stationed and trained here to take advantage of the terrain and climate.

The post was designated Fort Drum in 1974 and a permanent garrison was assigned. In April 1980, B Company, 76th Engineer Battalion (Combat Heavy) was reassigned here from Fort Meade, Md. The rest of the battalion, less Company D, followed it three years later.

In January 1984, the Department of the Army announced it was studying selected Army posts to house a new light infantry division. On September 11, 1984, the announcement was made that Fort Drum would be the new home of the 10th Light Infantry Division.

The first division troops arrived at Fort Drum on December 3, 1984, and the unit was officially activated on February 13, 1985. The name was changed to the 10th Mountain Division (Light Infantry) at that time.

FORT DRUM & THE 10TH MOUNTAIN DIVISION(LI)

Road Names

Fort Drum's roads offer a quick history lesson in the North Country, the post and the 10th Mountain Division (LI).

Mount Belvedere Blvd.

The 10th Mountain Division's first action in World War II took place in the North Apennine Mountains of Italy. The division faced German positions arrayed along the 5-mile-long Mount Belvedere-Monte Della Torracchia ridge. After more than three weeks of fighting, the key heights were successfully captured, but not until another three-day assault that cost the division 195 lives.

Riva Ridge

A 1,500-foot ridgeline of the Mount Belvedere range held by German forces until a surprise, nighttime ascent of its vertical heights by the 1st Battalion and Co F, 2nd Battalion, 87th Infantry, of the 10th Mountain Division.

Po Valley Road

In the final phase of the war in Italy, the 85th and 87th battalions spearheaded a 5th Army drive up the Po Valley. After finally crossing the Po River to reach Lake Garda at the foothills of the Alps, the successful operation cut off the retreating German troops, ending organized resistance in Italy on May 2, 1945. Lake Garda Lane also commemorates this WWII action.

4th Armored Division Drive

This famous division was activated and trained for 17 months at Pine Camp during 1941-42. The division is perhaps best known for breaking through the German siege lines encircling the 101st Airborne Division at Bastogne, Belgium, during the Battle of the Bulge. Three Soldiers from this division were awarded the Medal of Honor.

5th Armored Division Drive

Trained at Pine Camp for six months during 1943. It made the first penetration of the German "Westwall" defensive belt, also known as the "Siegfried Line." Fifth Armored Division units were the closest American units to Berlin when Germany surrendered in May 1945.

45th Infantry Division Drive

The 45th Division trained at Pine Camp from November 1942 to January 1943. The division fought in Sicily, Italy, southern France and southern Germany, with 511 days in combat, and suffered 28,000 casualties. Eight Soldiers from the division were awarded the Medal of Honor.

Conway Road

The Conway family once operated a farm on land that is now part of Fort Drum.

Nash Boulevard

Colonel William L. Nash, a World War II veteran, was commander of Camp Drum from November 1957-August 1959. The roadway was previously known as Jefferson Blvd. for U.S. President Thomas Jefferson, for whom Jefferson County is also named.

LeRay Drive

James LeRay de Chaumont has been called the "Father of the North Country." He accepted large tracts of land in the northern part of New York State as payment for Revolutionary War debts, and encouraged settlers, among them Joseph Bonaparte, brother of Emperor Napoleon Bonaparte. The handsome LeRay Mansion was built from 1806 to 1808, has served as commander's quarters and VIP quarters by the military, and is listed on the National Register of Historic Places.

Historical Collection

The Fort Drum & 10th Mountain Division Historical Collection was dedicated in its present location, Bldg T-503, Nash Boulevard on Fort Drum's south post, Sept. 11, 1998. This "museum activity" is a recognized member of the U.S. Army Museum System.

The scope of interest of the Historical Collection is the history of Fort Drum as a military installation, and the history of the 10th Mountain Division and other units affiliated with the history of the installation.

The New York National Guard has a training relationship with this installation dating back to the earliest documented use of these grounds for large-scale military maneuvers, Camp Hughes, in 1907. Numerous National Guard divisions (26th, 27th, 28th, 29th, 42nd) from New England and Middle States have trained at this installation since the first decade of the 19th century. The area known as old post was constructed in a 10-month project starting in

October 1940. Pine Camp, as the installation was previously known, was the birthplace of the famous 4th Armored Division, in April 1941. In addition to the National Guard, active army airborne divisions (the 11th, 82nd, and 101st) trained at Camp Drum between the late 1940s and mid 1970s.

The Historical Collection has indoor exhibits in Bldg T-503 to include: uniforms, weapons, photos, documents, and other artifacts related to the installation history, or representative of the 20th century U.S. Army. On the grounds adjacent to the Historical Collection, visitors can view a variety of U.S. Army military vehicles and equipment representative of that used in training at this installation since 1941. Three examples of Soviet equipment are also on display, dating back to Desert Storm.

Many pieces of equipment are on outdoor exhibit and include: a "Cobra" attack helicopter, Soviet MTLB armored personnel carrier, WW II-era Sherman and Stuart tanks, an M-109 self-propelled artillery piece, an a WW II-era M-29 "Weasel" tracked cargo vehicle.

Entry to the Historical Collection is free; however, given the current state of installation security, entry onto the installation itself is restricted. Donations of historical items are welcome, through prior coordination with the curator.

Visitors are urged to call to verify access before traveling to visit the Historical Collection. Call (315) 772-9007 for more information.
